

How to become more smart, green and innovative and desirable place to live?

PLŒUC-L'HERMITAGE 
Source du Lié et Forêt de Lorge 

Challenges

Ageing of the population

Lack of good transport connection

Limited entrepreneurial activity

Projects carried out by the municipality

Cultural projects

**Projects for
sustainable
development**

Digital projects

**Projects for the
attractiveness of
the territory**

**Projects for the
development of
public services**

Cultural projects

City Stade

Ecole de musique et tiers-lieu

- Relocation of the community music school to a central location to place cultural activities, at the heart of daily life.
- Project to open a third place, a place accessible to all, promoting meetings and cultural initiatives in central and rural areas

- The reinforcement of the existing supply of leisure facilities in the center
- The strengthening of the social and intergenerational link in centrality
- Improving the attractiveness of the town center of the town

Projects for sustainable development

Car-sharing electric vehicles

- ▶ To allow the inhabitants an ecological mobility offer complementary to the public transport already present in the territory
- ▶ To promote, through car sharing to promote social ties and intergenerational relations;
- ▶ - To offer tourists an ecological solution for visiting the territory;

Boulodrome with photovoltaic panel

- ▶ Reduce the city's energy bill
- ▶ Developing new energy sources
- ▶ Initiate a process for the energy autonomy of certain equipment

Digital projects

« Our Reconnected Seniors »

- ▶ ERASMUS+ Project led by the municipality
- ▶ Rediscover social ties of the elderly and adapt their life with digital tools
- ▶ To be able to improve the well-being of the populations concerned and above all to break the isolation

Wifi 4 EU

- ▶ Allow all residents to benefit from a free public internet connection
- ▶ Democratizing public access to quality digital networks

Projects for the attractiveness of the territory

Development of the town center

- ▶ Securing city entrances
- ▶ Homogeneous landscaping throughout the town and city entrances
- ▶ Securing access to public services (schools, college, daycare, media library, municipal halls, music school, etc.)

Action for housing

- ▶ Diversify the offer to enhance the built heritage
- ▶ To encourage the installation of newcomers and therefore new tax revenues
- ▶ To boost the local economy through the works and the contribution of the new settled households

Projects for the development of public services

Senior+

- ▶ Thanks to the Seniors + program in partnership with Rural Families, various activities have been implemented:
- ▶ Thursday morning: Market café
- ▶ Tuesday afternoon: Activities or shopping

Study of the medical and paramedical offer

- ▶ Diversify the offer to enhance the built heritage
- ▶ To encourage the installation of newcomers and therefore new tax revenues
- ▶ To boost the local economy through the works and the contribution of the new settled households

Thank you for your participation
