

**PRIMARY SCHOOL
ŽUŽEMBERK**

SHORT FOOD SUPPLY CHAINS

NINA KOCJANČIČ,
organizer of school meals
NATAŠA ŠKRBE, English teacher

INFORMATION

- The school prepares healthy snacks for 400 and 250 lunches for pupils.
- We order food through a public tender (javni razpis) – about 80%.
- The rest of the food is supplied by local suppliers – about 20%.
- We are pleased to have acquired so despite poor transport accessibility.

ADVANTAGES OF LOCALLY GROWN FOOD FOR OUR SCHOOL

- We support the local economy by ordering and buying locally grown food.
- The crops taste better as they are harvested at their maturity.
- Delivery route is much shorter (smaller carbon footprint).

LOCAL SUPPLIERS - 40 KM RANGE

LOCAL SUPPLIERS DURING THE LOCKDOWN

- There was distance/online learning during the lockdown due to Covid -19. The school ordered food in small quantities only for the kindergarten children.
- Corona did not stop us from ordering food from local suppliers.

**THANK YOU
FOR YOUR
ATTENTION**
